## Motorcycle training tailored to your needs

Whatever you want to focus on, the session will be personalised to your individual training needs.

- Do your **cornering skills** need sharpening up?
- How well-judged is your **overtaking**?
- Perhaps you just want a **general check** on your ride?

## How much and how long?

The training will take place at a mutually convenient time and costs **£50 for 2 hours**. You will also receive a Hugger Gold Card that will entitle you to discounts at participating outlets.

"A very worthwhile course even if you've been riding a while. It helped me to focus on areas of weakness with my riding that I was aware of but couldn't resolve on my own."

**Bella Hewitt-Parkings**

"The whole experience was a great one. I really learnt a lot and I already feel much more confident in approaching unfamiliar bends. I'm getting more out of the bike and having more fun but with increased safety"

**Oli Loveless**
